 - Manual collection
 - High pressure cleanup
 - Decontamination
- 12:00 End of exercise

The beneficiary countries of the POSOW 2 project are seven southern Mediterranean countries, namely Algeria, Egypt, Lebanon, Libya, Morocco, Tunisia and Turkey. The main aim is to reinforce the knowledge and skills of volunteers involved in spill response in the Mediterranean area, by developing training materials and manuals and by running training courses on the following issues: volunteer management, oiled shoreline assessment, oiled shoreline clean-up, oiled wildlife response, waste management and fishermen's support in oil spill response.

For further information and for free downloads of the many training materials developed during the projects POSOW 1 and 2, please visit the website www.posow.org.
