ABOUT US

MOIG was initiated by the International Petroleum Industry Environmental Conservation Association (IPIECA) in 1992, following a joint Oil Spill Preparedness and Response Seminar organized by the International Maritime Organization (IMO) and IPIECA in Cairo in 1992, where a commitment was made to set up an industry network in the Mediterranean region. The first meeting took place in Rome in 1995. The Permanent Secretariat is currently based in Tunisia following to ETAP Headquarter Agreement signed by both ETAP and IPIECA. MOIG serves as a Regional Oil Industry Forum on Oil Spill Prevention, Preparedness and Response for the Mediterranean Region to ensure Industry Coordination in the event of an Oil Spill in the Mediterranean Sea.

NON-PROFIT OIL AND GAS INDUSTRY FORUM

MEMBERSHIP

MOIG welcomes any new member's oil companies and is also open to companies and associations that work with oil industry in preventing and responding to oil spills in the Mediterranean Region. For further information on membership, please contact the MOIG secretariat or visit the MOIG Website on www.moig.org.

ENHANCED CAPACITY THROUGH MUTUAL COOPERATION

GUIDING PRINCIPALS

Mission and Vision

- ▶ To promote regional cooperation, within the oil and gas industry and between governments and those industries in all Mediterranean countries
- ▶ To enhance preparedness and response to oil spill incidents in the Mediterranean region by acting as regional forum for information
- ▶ To strengthen member's ability to prepare for and respond safely and effectively to oil spill incidents
- ▶ To exchange and discuss on oil spill matters by making available technical partners and members resources, equipment's and expertise for education and training
- ▶ To facilitate effective oil spill response partnership relations between members
- ▶ To emphasize capacity building and standardization
- ▶ To improve the collection, analysis and dissemination of data related to oil spill prevention, preparedness and response
- ▶ To develop and disseminate best practices in oil spill preparedness and response continually improved by feedback from members and technical partners
